

How to Post a Listing on BioTradX

Simple Guide for Sellers / Sell Any Biomass or Waste-to-Biofuel Material

Listing your product on BioTradX helps verified buyers discover your material and send you offers instantly. Whether you are selling UCO, agro-waste, scrap, or industrial by-products, posting a listing ensures visibility, accurate matching, and secure negotiations.

Here's the quickest way to list your product.

1. Sign Up or Log In

Log in using:

- Email & Password
- Mobile + OTP
- Google / Apple Sign-In

Complete your seller profile (business details, GST if applicable) for verification.

If You Already Have an Account

Log in using:

- Email + Password, or
- Mobile Number + OTP

2. Enable Location Access

BioTradX uses your location to:

- Show buyers near you
- Improve recommendation accuracy
- Suggest the right delivery/pickup radius

Tap **Allow Location** when prompted.

3. Select Category & Product

From the Home screen:

- Browse 60+ products or use the search bar
- Select the product you want to sell (e.g., Rice Husk, UCO, PET Scrap, Wood Chips)

This helps buyers find your listing when searching for the same material.

4. Choose the Product You Want to Buy

Inside the category:

- Select the exact product (e.g., Rice Husk, UCO, PET Scrap, Battery Scrap)
- Review product details if needed (unit, highlights, typical supply formats)

5. Tap “Sell”

On the product page:

- Tap **Sell**
- Choose **Sell Request (Create Listing)**

This opens the Listing Form.

6. Fill Your Listing Details

a) Add or Select Delivery/Pickup Address (Mandatory)

You must have an address added before submitting your RFQ.

- Choose an existing saved address, or
- Add a new address if none exists

This address is used for delivery or pickup matching.

b) Add Beneficiary Account (Mandatory for Payments)

If no beneficiary account is added:

- You will be prompted to add your bank account
- This ensures smooth refunds, settlements, or escrow reversals

You can proceed only after adding beneficiary details.

c) Available Quantity

Enter the quantity you currently have.

(The unit is pre-set based on product type.)

d) Expected Price

Enter the price per unit you expect.

Buyers can negotiate later in **My Chats**.

7. Choose Your Upfront Payment Preference

Select the upfront payment terms you prefer:

- **0% Upfront**
- **10% Upfront**
- **20% Upfront**
- **Custom %** (if allowed for the product)

This helps buyers understand your expectations before sending a quote.

8. Select Delivery or Pickup Preference

If You Deliver to Buyer

Select Delivery

Provide:

- Delivery Date
- Delivery Time Window
- Delivery Radius (how far you're willing to deliver)

This ensures buyers know if delivery is possible for their location.

If You Prefer Pickup

Select **Pickup**

9. Set Your Quality Check (QC) Preferences

Tick the QC checkbox if you can provide:

- A quality certificate
- Clear image of the goods
- Moisture/FFA reports (for applicable materials)

QC availability increases trust and improves your chances of receiving fast, serious offers.

10. Review & Publish Your Listing

Before publishing, double-check:

- Quantity
- Price
- Payment Terms
- Delivery/Pickup Preference
- QC Option

Tap **Sell**.

Your listing is now live!

Nearby buyers will instantly be able to view it and send you quotes.

What Happens After Publishing?

- ✓ Buyers send offers inside **My Chats** → **Sell**
- ✓ You negotiate price & quantity
- ✓ After acceptance, the buyer pays via **BioTradX Payment Gateway**
- ✓ You deliver or the buyer picks up
- ✓ QC and confirmation take place
- ✓ Payment is released securely to you

Final Takeaway

Posting a listing on BioTradX takes under a minute and helps sellers reach verified buyers, negotiate confidently, and receive secure payments.

Accurate details and QC transparency make your listing stand out and attract faster offers.
